safe distance to object	 - 0,1m - 																																		
lamptype	LUXEON M (400lm/429lm**)																																		
fitting	NONE																																		
watt	3,82W																																		
voltage	230V AC - 50Hz																																		
symbol																																			
gear	converter INCLUDED																																		
ip/class	IP20 - class1 																																		
application	Interior - ceiling mounted 																																		
orientability	not orientable																																		
dimmability	Mains dimmable LC (Dimlist H)																																		
weight	 0.8																																		
color temp	2700K / 3000K**																																		
SDCM	3																																		
CRI	90																																		

- NL Installatie- en onderhoudsrichtlijnen m.b.t. de fabrieksgarantie.

 - De plaatsing, de aansluiting en het uittesten van dit toestel dient steeds te gebeuren door een erkend elektro-installateur.
 - Dit toestel moet geïnstalleerd, verbonden en getest worden volgens de nationaal geldende reglementen op elektrische installaties.
 - De technische bijsluiter dient te worden beschouwd als een onderdeel van de algemene verkoopvoorwaarden van TAL nv.
 - De elektro-installateur is verantwoordelijk voor het gebruik van compatibele voorschakelapparatuur die voldoen aan de geldende IEC normen.
 - Reinig het toestel enkel met een zachte en lichtvochtige doek zonder reinigingsmiddel.
 - Schakel altijd eerst de elektriciteit uit alvorens het toestel te plaatsen en te installeren.
- EN Installation and maintenance instructions regarding the manufacturer's warranty.

 - Installation, connection and testing of this product must always be performed by a certified electrician.
 - This product must be installed, connected and tested in accordance with the applicable national regulations for electrical installations.
 - The technical manual must be regarded as part of the general sales conditions of TAL nv.
 - The electrical installer is responsible for the use of compatible control gear that meets the applicable IEC standards.
 - Only clean the device with a soft and slightly moist cloth without detergent.
 - Always switch off the electricity supply before installing and connecting the product.
- DE Installations- und Wartungsanweisungen bezüglich der Herstellergarantie.

 - Installation, Anschluß und Prüfung dieses Geräts soll nur von einem anerkannten Elektriker ausgeführt werden.
 - Dieses Gerät soll in Übereinstimmung mit den nationalen geltenden Vorschriften für Elektroinstallationen installiert, angeschlossen und geprüft werden.
 - Die technische Anleitung muß als Teil der allgemeinen Verkaufsbedingungen von TAL nv betrachtet werden.
 - Der Elektroinstallateur ist verantwortlich für die Verwendung von kompatiblen Betriebsgeräten, die den geltenden IEC-Normen entsprechen.
 - Reinigen Sie das Gerät nur mit einem weichen und leicht feuchten Tuch ohne Reinigungsmittel.
 - Schalten Sie den Strom immer aus, bevor Sie das Gerät installieren und anschließen.
- FR Instructions d'installation et d'entretien concernant la garantie du fabricant.

 - L'installation, la connexion et les essais de cet appareil doivent toujours être effectués par un électricien reconnu.
 - Cet appareil doit être installé, raccordé et testé conformément aux réglementations nationales pour les installations électriques.
 - La notice technique doit être considérée comme faisant partie des conditions générales de vente de TAL SA.
 - L'installateur électrique est responsable de l'utilisation d'un équipement de contrôle compatible qui satisfait aux normes CEI applicables.
 - Nettoyez l'appareil uniquement avec un chiffon doux et légèrement humide sans détergent.
 - Éteignez toujours l'électricité avant d'installer et de connecter l'appareil.

1 Make drillpattern in ceiling

2 Mount base on ceiling

3 Adjust cable length & make electrical connection

4 Mount luminaire to base

5 Switch on mains power supply
