

# DEEPER FIX IP20

INSTALLATION INSTRUCTIONS | FEBRUARY 2023

## DIMENSIONS

## MOUNTING INSTRUCTION

- Put the light source in the assembled cover by locking the lamp ring in the housing by turning it for a quarter.
- Make a hole in the ceiling according to the prescribed dimensions.

## POWER CONNECTION

SERIAL CONNECTION - for LED

**Always use POWER SUPPLY according to the specifications of the LED-module**

PARALLEL CONNECTION - for PAR16

- Push the springs upwards and insert the fixture in the ceiling hole.

Driver must be powered off before connecting cables.

Before connecting the luminaire/LED module to the driver please make sure the driver is not powered but disconnected from the mains. The driver can only be powered when the luminaire/LED module is already connected. Disregarding this instruction might damage or even destroy the luminaire/LED module.
